

Protecting our Outdoor Heritage A United Sportsmen Voice

Our goals

- To unify the sportsmen and women of Washington State and provide a strong, effective voice in support of our outdoor heritage. To be the focal point of public involvement, grassroots activism, and fundraising to the benefit of all Washington State hunting, fishing, and trapping conservationists.
- With our website (www.w4wc.org) we will provide a common link to our member organizations and individual members with information on how to be more effective with legislative issues, and provide the tools to fight the animal rights extremists that seek to end all consumptive use of wildlife.

E-Mail Alert List

- WWC alerts provide you with time sensitive legislative information having to do with wildlife management and other outdoor activities. You will become part of the solution by being informed and having the information and tools to help get the job done.

Help - We Need You

- We need people who are willing to give some of their time to help us speak to other clubs and organizations so sportsman can speak with a unified voice.

Membership Application

Name _____ Organization (If group application) _____

Member Benefits

A United Voice! As a WWC member you are part of the largest, strongest coalition of outdoorsmen and outdoorswomen in Washington State. Sportsmen united in the defense of our outdoor heritage.

Political Representation! As a WWC member you receive leadership and representation in state wildlife management and the legislative process. Your voice, a united voice, will be heard.

Legal Defense Fund! As a WWC member you are helping to build a financial War Chest to combat relentless attacks on our future by well funded, national animal rights extremist groups.

Speakers Bureau! Your membership supports efforts to provide pro-hunting fishing & conservation speakers to schools, clubs and other organizations.

Scientific Review Board!

Designed to assist volunteer conservation groups to focus on worthwhile scientific wildlife projects.

E-mail Alert List! WWC alerts provide you with time sensitive notices and information for your letters to the editor, legislators and other individual grass roots efforts.

WWC Newsletter! Packed with legislative and legal updates, alerts, articles, events, fundraisers and more.
